Valuable Consumable Products & Services For Your Specific Pad Printing Needs:

Your top-of-the-line equipment requires the same excellent level of supplies and services.

Trans Tech America carries a full inventory of the highest quality consumable products demanded by the product decorating industry. Whether you need pad printing plates, pads, inks or other special supplies, these consumables and related service are the finest available worldwide.

In addition, Trans Tech offers its customers a complete in-house source for the particular demands of industrial pad printers, including:

- High-tech art production using specialized graphic arts equipment, computerized design and an art staff experienced in solving unique pad printing challenges
- Dedicated test print lab for research on ink-to-substrate compatibility, pad suitability, image distortion and customer training
- Complete platemaking facilities for processing and etching steel plate drums, plates and foils plus polymer and hydro-foil plates
- Machine shop for part holding-fixture design, building and testing as well as padprinting machine service
- Custom mixing and color matching of pad printing inks to formula specifications
- Custom CAD design of manual, semi- and fully automated systems for high volume industrial applications, including part indexing, orientation, load & unloading, surface pretreatment and post print curing.
